Leon County, Florida**

Policy No. 02 - 12

Title: Leon County Investment Policy

Date Adopted: January 11, 2005

Effective Date: January 11, 2005

Reference: N/A

Policy Superseded: None

It shall be the policy of the Board of County Commissioners of Leon County, Florida, that a revised Policy No. 02-12 is hereby adopted, to wit:

It is the policy of the Leon County Finance Division that:

Introduction

The following Investment Policy within the context of the County's Investment Ordinance is intended to set forth the framework within which the County's investment activities will be conducted. The Investment Policy establishes parameters for investment activity, which may be further restricted by the Investment Oversight Committee or by investment staff. The Investment Policy provides parameters to limit risk and ensure a broadly diversified portfolio.

In establishing this Investment Policy, the Board of County Commissioners recognizes the traditional relationship between risk and return and acknowledges that all investments whether they are for one day or years, involve a variety of risks related to maturity, duration, credit, market and reinvestment risk.

When choosing between alternative investments, staff should structure the portfolio based on an understanding of the variety of risks and basic principles of diversification on the structure of the portfolio. With adoption of this Investment Policy, the County recognizes the goal of total return portfolio management is to add economic value to a portfolio under circumstances prevailing from time to time. This may necessitate the sale of securities at a loss in order to reduce portfolio risk (without a material reduction in return) or to achieve a greater overall return (without assuming any material amount of additional risk) that could have been obtained if the original position had been held.

The Board recognizes the value of external as well as internal management. External management is best employed where greater knowledge and skills are required due to either the nature of the investment instruments, the risks associated with longer duration, or the need to closely monitor credit considerations. Internal management is best employed when risks are low, maturity considerations limited, and the ability for external management to enhance yield limited by low overall interest rates.

I. SCOPE

This Investment Policy applies to all funds held by or for the benefit of the Leon County Board of County Commissioners.

II. INVESTMENT OBJECTIVES

The following investment objectives will be applied in the management of the County's funds.

A. The primary investment objective is to insure safety of County assets.

This is best ensured by:

- Establishing minimally acceptable credit ratings and limiting any exception thereto
- Limiting the portfolio duration and the duration of individual holdings
- Setting maximum exposure by market sector
- Requiring a minimum investment in a basket of securities either fully guaranteed by the U. S. Government or issued by an Agency of Instrumentality of the U. S. Government
- Defining authorized transactions

B. The second priority will be to provide sufficient liquidity to meet the County's operating, payroll and capital requirements.

Adequate Liquidity will minimize the likely requirement to sell instruments before maturity and minimize transaction cost and will be accomplished through this portfolio by:

- Maintaining a core level of assets with the SBA and the Treasury Special Purpose Investment Account (SPIA)
- Maintaining a liquidity portfolio

C. The third objective after meeting the first two objectives will be to maximize the return on the portfolio at a predefined and acceptable level of risk.

D. The Clerk will establish procedures to implement this policy and assure compliance.

III. PRUDENCE AND ETHICAL STANDARDS

The "prudent person" standard shall be applied in the management of the overall investment portfolio. The Clerk and Finance Department employees performing the investment functions, acting as a "prudent person" in accordance with established procedures and this policy and exercising due diligence, shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided that appropriate monitoring efforts are performed.

The "prudent person" standard is herewith understood to mean the following:

Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

Officers and employees of the Clerk's Office who are involved in the investment process shall refrain from personal business activity that could conflict with State Statutes, County Ordinances, proper management of the investment portfolio or which could impair their ability to make impartial investment decisions. Investment officials and employees, including members of the Investment Oversight Committee, shall disclose any material financial interests in any investment firms, or financial institutions that conduct business with the County and shall refrain from undertaking personal investment transactions with the same individual with whom business is conducted on behalf of the County.

Limits of Liability - The County shall provide for the defense and indemnification of any committee member who is made a party to any suit or proceeding, other than by an action of the County, or against whom a claim is asserted, by reason of their actions taken within the scope of their service as an appointed member of this committee. Such indemnity shall extend to judgments, fines, and amounts paid in settlement of such claim suit, or proceeding, including any appeal thereof. This protection shall extend only to members who have acted in good faith and in a manner, which they reasonably believe to be in, or not opposed to, the best interest of the Leon County.

IV. INVESTMENT PERFORMANCE AND REPORTING

A quarterly investment report shall be prepared by the Finance Office and provided to the County Administrator and the Investment Oversight Committee. The report shall include a breakdown of the portfolio by class, maturity, yield, as well as its overall performance during that period with sufficient detail for a comprehensive review of investment activity and performance.

Annually, a recapitulation report will be presented to the Board of County Commissioners, which shall include securities in the portfolio by class or type, book value, income earned, market value and yield. Performance measurements shall be utilized which are appropriate to the maturity, risk characteristics, investment limitations and size of the portfolio. At a minimum, portfolio performance shall be measured by comparing its year-to-date earnings to an appropriate benchmark.

The County Administrator shall be notified immediately of deviations from currently approved investment policies.

V. AUTHORITY

Responsibility for the investment program is vested with the Clerk of the Circuit Court. The Clerk hereby delegates the day-to-day responsibility for the administration of the investment program to the Finance Director. The Finance Director shall maintain an Investment Procedures and Internal Controls Manual based on this policy. No person may engage in an investment transaction except as stated in the Internal Controls Section of this policy.

VI. INVESTMENT OVERSIGHT COMMITTEE

The Board is responsible for setting guidelines for the investment of the portfolio through the adoption of this Investment Policy. The Board recognizes that there is an expertise required both for setting the guidelines and the review of performance, which may exceed the technical background of individual commissioners and has, therefore, created the Investment Oversight Committee. This Committee is charged with the responsibility to review this policy on a regular basis and to recommend changes. The Clerk will provide the Committee with reports in sufficient detail as may from time to time be requested by the Committee in order for them to review the performance of the portfolio. The Committee will establish portfolio benchmarks in order to judge the performance of the portfolio with respect to the market and other portfolios of similar size and limitations. The Committee will provide the Board a report as of the close of the fiscal year recapping the performance of the portfolio and any outside managers. The Board or the Committee may request additional meetings to discuss issues of concern or direction.

If it is ever determined to be prudent and to the County's benefit to utilize derivatives outside of the parameters of this Policy, in connection with the issuance or management of debt (swaps, caps, collars, etc.), those instruments will fall outside of this policy and will be specifically authorized by the Board.

VIII. INVESTMENT MATURITY AND LIQUIDITY

- A. To the extent possible, an attempt will be made to structure the investment portfolio consistent with expected cash flow requirements. In no event will any security be purchased that has an expected life at the time of purchase exceeding 10 years.
- B. While investment maturities will not exceed the expected cash flow requirements, they may be shorter. Investments do not necessarily have to be made for the same length of time that the funds are available. The basic investment principals that can be considered in selecting investment maturities are listed below.

IX. SECURITY SELECTION PROCESS

When purchasing or selling securities, the Clerk shall select the security which provides the highest rate of return within the parameters and given the current objectives and needs within the limitations of the policy and given the current objectives and needs of the portfolio. For most situations, the Clerk shall utilize the competitive bid process. To the extent another process is employed, the Clerk shall identify the reasons and keep such records. The Clerk will use the institutional sales desk of primary security dealers as designated by the Federal Reserve Bank of New York, or are qualified as public depositories by the Treasurer of the State of Florida for these transactions. A minimum of three bids will be requested for each transaction and records of all bids will be kept for a minimum of two years. At least two Finance Department employees will be involved in the review and execution of each transaction and will initial the transaction affirming their approval.

Overnight Repurchase Agreements and other transactions with maturities at the time of purchase of seven days or less will be exempt from this requirement due to the short duration of the transaction and the inability to effectively bid this on a nightly basis.

External managers will be selected through a competitive selection process (an RFP). In making this selection, consideration will be given to past investment performance, fees, assets under management, experience of the firm and the individuals managing portfolios of similar size, complexity and investment restrictions. External managers will be evaluated and retained based upon their investment performance and the process for selection of securities and broker firms will be exempt from this policy.

X. RISK DIVERSIFICATION AND PORTFOLIO COMPOSITION

The County recognizes that investment risks can result from issuer defaults, market price changes, changes in credit ratings, reinvestment of principal and interest, or various technical complications leading to temporary non-liquidity. Portfolio diversification and maturity limitations are employed as primary methods of controlling risk. Market Value cost shall be the basis for determining portfolio percentages as required for the portfolio.

A. ISSUER AND CREDIT RISK

The structure of the portfolio is designed to minimize credit risk. The majority of the securities held will be those of the highest available credit quality ratings. These would include state guaranteed pools, U. S Government (AAA) securities, and commercial paper of only the highest applicable rating.

To further limit the County's risk against possible credit losses, a maximum of 5% of the total portfolio may be held at any one time in all securities of any corporate entity, inclusive of commercial paper, medium term notes, or corporate notes and bonds.

For purposes of this Policy, the “top nationally-recognized rating agencies” for corporate and municipal securities are Moody’s Investor Services, Standard and Poor’s, Fitch Investor Services, and Duff & Phelps.

B. MATURITY AND INTEREST RATE RISK

To meet the day-to-day operating needs of the County and to provide the readily-available cash to meet unforeseen temporary cash requirements, the portfolio shall maintain in liquid investments (defined as repurchase agreements purchased under the terms of the County’s depository contract, open repurchase agreements, negotiable certificates of deposit, banker’s acceptance, commercial paper, U S. Treasury direct and agency obligations, all having a maturity of 90 days or less, the SBA Local Government Portfolio, and the Treasury Special Purpose Investment Account) a minimum balance equal to one-twelfth of the then-current fiscal year’s budgeted operating expenditures.

The range of duration for the County’s portfolio is defined as 0.5 years to 2.5 years, with a five-year average of 1.5 years. Unusual market or economic conditions may mandate moving the portfolio outside of this range. The Investment Oversight Committee will be convened and will approve any portfolio duration outside of the range specified above.

C. MARKET VOLATILITY

By establishing maturity limitation on the aggregate portfolio, the County acknowledges its understanding that the longer out on the yield curve investments are placed, generally, the greater the interest returns and the greater the potential for price volatility. In an additional effort to provide for the protection of capital, a volatility range is established wherein the market value of the overall portfolio should remain within a range of +/- 5% from the par value of the portfolio. If the market value moves outside of this range, the Investment Oversight Committee shall be convened and consulted. A decision shall be made and the County Administrator will be advised of the magnitude of the deviation and the actions to move the portfolio back within the range.

XI. THIRD-PARTY CUSTODIAL AGREEMENTS

The Clerk will execute a Third Party Custodial Safekeeping Agreement with a depository chartered by the United States Government or the State of Florida. All securities purchased, and/or collateral obtained by the Clerk, shall be properly designated as an asset of the County and held in an account separate and apart from other assets held by the depository and no withdrawal of such securities, in whole or in part, shall be made from safekeeping except by authorized staff. The Clerk will enter into a formal agreement with an institution of such size and expertise as is necessary to provide the services needed to protect and secure the investment assets of the County.

Under normal circumstances, all securities under this Policy shall be purchased using the delivery versus payment (DVP) process. The investment process and Internal Controls shall provide for appropriate authorization and security if it is ever necessary to carry out security transactions on a “free” delivery basis, or to have securities held by the broker/dealer for a temporary period. The Third-Party Custodial Safekeeping Agreement shall include letters of authority from the Clerk, details as to responsibilities of each party, notification of security purchases, sales, delivery, repurchase agreements, wire transfers, safekeeping and transactions costs, procedures in case of wire failure or other unforeseen mishaps including the liability of each party.

- A. All securities purchased or sold will be transferred only under the "delivery versus payment" (DVP) method to insure that funds or securities are not released until all criteria relating to the specific transaction are met.
- B. The Investment Officer or authorized Finance staff will accept, on behalf of and in the name of Leon County, bank trust receipts or confirmations as evidence of actual delivery of the obligations or securities in return for investment of funds.
